Passionate about deconstructing existing code and generating new solutions to existing problems

Aptitude for adapting, growing and learning on the fly

Committed to actively contributing value / ROI

Experience

2017-04 - Freelance Developer

present

Manill Development

Projects in development:

DJThrill - A business portfolio site for an event DJ to market his services.

- Front-End construction using HTML and CSS.
- · Hosting on google cloud services.

SMParking - Expanded development of an iOS project.

- UI improvements to improve the app visually.
- Debugging of code to remove warnings and improve memory optimization.
- Deployment to Apple Testflight for beta testing.

2017-01 - Coding Resident

2017-04

Coding Dojo

Developed Projects:

BentoMe – Django Stack e-commerce site to order Japanese food from a chef.

- Created the full-stack features of the admin facing portal allowing the chef to plan their menu and see historical data.
- Debugged menu presentation to consumers.
- Collaborated on Stripe API integration to handle payments.

SoapBox – MEAN Stack message board with a multi-room chat-room function

- Managed the team and assigned roles and daily targets to team members to reach development target deadlines.
- Completed the angular work involved with the entire page.
- Debugged the complete project.
- Deployment of the site to AWS hosting.

SMParking – IOS app that displays parking availability for Santa Monica City lots

- Construction of the app's storyboard layout.
- Implementation of Google Maps SDK to use google maps within the app.
- Implementation of navigation using google maps app if installed, or maps.google.com if not.
- Implementation of Alamofire to manage the API call to the external parking data.

2015-01 - CRM Administrator

2017-01

Lido Advisors LLC

Responsibilities:

- Implemented, deployed and maintained a CRM system to maintain and organize client data and client related workflow.
- Constructed tools to manage workflow of common business procedures to track where delays were occurring.

Education
